## **DETAILED ACTION**

### ***Response to Amendment***

1. Applicant's amendment and accompanying remarks filed 4/14/2010 have been fully considered and entered. Claims 9, 13,15,16 and 17 have been amended and claims 2, 7-8 and 12 have been canceled.

### ***Terminal Disclaimer***

2. The terminal disclaimer filed on 4/14/2010 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of co-pending 10/580402 has been reviewed and is accepted. The terminal disclaimer has been recorded.

### ***Allowable Subject Matter***

3. The following is an examiner's statement of reasons for allowance: 3-6,9-11 and 13-17 are found allowable for reasons set forth herein below.

With regard to independent claims 1, 13 and 14, there is no known prior art which teach or fairly suggest the limitation of wherein the barrier comprises multiple water gel or gelatin layers in which the concentration of the gel or gelatin increases from the outside layer to the inner layer.

An updated art search did not produce any new substantial art for which to base a rejection and presently no motivation exists to combine references to form an obviousness type rejection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Art Unit: 1794

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
